The endeavour of the GITS is to make higher education in the region more accessible and affordable to the economically weaker sections and the rural students and to create employment through higher education. It is one of the well-known Institute of Rajasthan, with the focused objective of the group to provide quality professional education to the youth in the areas of Engineering, Management, Computer Applications, Medical, Nursing, Pharmacy, Physiotherapy, etc., ensuring their all-round well integrated development in compliance with requisite industry standards.

About The Department

The mission of CSE department is to continuously strive for achieving excellence in logical thinking and computing disciplines. It is being pursued through its spectrum of academic and custom designed value-added programs. The sustained effort is to produce graduates with potential

to design and develop systems involving the integration of software and hardware devices; innovative approaches to programming and problem solving as well as creative ways to use technology. The CSE department has well qualified faculty members with all of them having Ph.D. & M.Tech. Apart from the regular classroom teaching, the department invites visiting professors, distinguished professionals from industry and eminent researchers at regular intervals to expose the students about the industry best practices. The Department is recognized as a Ph.D. Research Centre under RTU, Kota.

About CSI

The seed for the Computer Society of India (CSI) was first shown in the year 1965 with a handful of IT enthusiasts who were a computer user group and felt the need to organize their activities. They also wanted to share their knowledge and exchange ideas on what they felt was a fast emerging sector. Today the CSI takes pride in being the largest and most professionally managed association of and for IT professionals in India. The purposes of the Society are scientific and educational directed towards the advancement of the theory and practice of computer science and IT.
