

GITS NEWSTRACK

ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

VISION

To achieve excellence in technical and management education through quality teaching and innovation.

DIRECTOR'S MESSAGE

Greetings!

The month of March saw a flurry of activities and events that were reflective of transition to spring and commencement of the even semester. Starting with celebrating the Women's Day and International Day of Women & Girls in Science to celebrate women for their immense contribution to society and nation, the month concluded with celebrating the World Water Day on 22nd March 2023 to highlight the importance of freshwater and to spread awareness about water conservation and promote sustainable, and eco-friendly practices. The institute organised a common assembly to celebrate the Vikram Samvatsara Hindu New Year for all students. Along with innumerable learning opportunities we endeavour to inculcate values among our students by conducting programmes and events that bring not only awareness but also motivate them to be ambassadors who uphold and preserve our rich cultural inheritance.

Presently, we are upgrading the Innovation & Incubation Lab and increasing its work-station capacity to enable more students to put their knowledge and skills to creative use and transform theoretical learning into practical and experiential applicability to solve real-world problems. We also endeavour to extend the facilities of Innovation & Incubation Lab and Centres of Excellence (CSE and ME) to school student of neighbouring regions.

Apart from academics, students excelled in sports competitions in various Intercollege Competitions at Sangam University and Shrinath Institute. I am glad to share their sights that helped us grow from all the experiences and make commendable contributions to the community. With profound grief we mourn the passing of our Final Year B.Tech CSE student, Lakshit Choubisa on 18th March 2023 in a road accident. May his family be blessed with courage to bear this irreparable loss.
