

GITS NEWSTRACK

ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

VISION

To achieve excellence in technical and management education through quality teaching and innovation.

MISSION

To provide an excellent learning environment to produce socially responsible and productive technical professionals.

To set up the state-of-the-art facilities for quality education and innovation.

To impart knowledge & Skills leading to shaping a budding manager as a quality executive.

To encourage for life-long learning and team-based problem solving through learning environment.

FEATURES

- The First Self Financed Engineering College in Southern Rajasthan.
- Sixth ranked college in Rajasthan (GHRDC-CSR) for quality.
- Highest placements in Southern Rajasthan
- Maximum teachers to student's ratio in Rajasthan.
- IBM Software Centre of Excellence- Training and Certification camp on DB2/RAD/TDS/RFT/Lotus/WID.
- Exclusive Innovation Lab for research work set up by Texas Instruments, Bangalore, as per Annexure-VIII
- Highest Industry- Academic collaborations, National and International tie-ups for better exposure to technology and growth.
- First Engineering College to get total admission filled every year in Udaipur region.
- Nodal Centre for NITTTR, Chandigarh for conducting the faculty and student development program.
- Only College Campus with Total Wi-Fi connection, Gym, Air cooled hostels for boys & girls and Medical facilities.
- Spoken Tutorial – Open Source Software Tutorials – (IITB Spoken Tutorial)
- AICTE-Idea Lab
- Center of Innovation and Incubation

DIRECTOR'S MESSAGE

Greetings!

Whilst we are near the end of the semester with the onset of examinations, this month flags off the advent of admissions for the new academic year. The events and activities of this past month have been purposeful and moving in the direction that we aimed for. We emphasise on all round development of the students and I am delighted that all the members of the GITS family have been able to create a balance on achieving their academic goals, participating in co-curricular activities like numerous workshops and trainings organized by the various departments along with celebrating and promoting the cultural heritage that our region has inherited.

An International Conference was organised by Department of CSE in this month, which has disseminated high quality scholarly research on the latest trends in computer and information technology that was interesting, informational and resourceful. The 7-day Faculty Development Programme was also organised by the Department of MBA on NEP and its implementation, in which some exemplary academicians and policy-influencers deliberated on the nuances regarding the New Education Policy. These programmes help us create unique and novel learning opportunities so that we collectively can make significant contributions to the field of education in particular and benefit the society at large.

I congratulate Mr. Harsh Sharma, student of Civil Engineering (II Year), for winning a Gold medal in TAFTYGAS, 6th International Youth Games 2023 held at Pokhara, Nepal.

Finally, I would like the students to imbibe self-discipline to prepare well for the examinations with determination and perseverance. They must approach the faculty members if they seek further help and guidance. I am confident that all our efforts will result in significant academic achievements and quality reform.

Dr. Narendra Singh Rathore
