ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

VISION

To achieve excellence in technical and management education through quality teaching and innovation.

Greetings from GITS, Udaipur! Happy New Year!

Amidst the busy examination month focused on academic pursuits, the different departments had organised numerous short-term skill enhancement trainings and expert lectures delivered by industry stalwarts, government professionals, and experts from various organised sectors. These sessions enriched our students' knowledge and not only provided valuable insights into their respective domains, but also exposed them to the important aspects pertaining to other domains thereby offering holistic and cross-sectional learning experience.

In addition, the institute signed its first MoU with German organisation, GHH India Mining and Tunnelling Equipment Pvt Ltd, a German organization classified as a Subsidiary Foreign Company for Skill & Employment Enhancement through Trainings. The Heads of Mechanical Engineering (ME) and Electrical Engineering (EE) Departments are currently undergoing training as part of the 'Train the Trainers' initiative and I am certain that the effect of such trainings will trickle down benefiting both faculty and students.

I am delighted to share that the institute has signed an MOU under the Unnat Bharat Abhiyan (UBA) and Centre of Research in Scheme and Policies (CRISP) at IIT-Delhi to adopt five villages in our vicinity to serve their welfare. This reflects our endless commitment to contribute towards the betterment of the community and society.

As we embark on the New Year, I wholeheartedly thank all our stakeholders for their unwavering faith and support. The collective efforts of the GITS family have yielded unprecedented achievements. May the upcoming year bring the gift of learning, growth, and hope, enriching your minds and souls in the days to come!

Director, GITS
