## ABOUT GITS

**G**eetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

**GITS** has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

Greetings from GITS, Udaipur!

**A**cademics and academic related activities including a series of workshops, training programs, expert talks, and enriching industrial visits, all aimed at enhancing their knowledge and skillsets. Our students faced a crucial juncture with the conduction of mid-term examinations, allowing them to assess their progress just before the festive season. These assessments serve as an opportunity to gauge their progress and are an important milestone in their academic journey, pushing them closer to success.

This month also marked the conduction of placement drives in full swing which serves as a moment of reckoning as they represent an opportunity to evaluate the competence of our students and the quality of education they receive, relative to the ever-evolving demands of the industry.

In this regard, the ongoing second training session for students from the Departments of Computer Science, Electronics and Communication, and Electrical Engineering under our Industry READY initiative, in collaboration with Secure Meters Ltd. We are optimistic that this training will empower our students on personal and professional fronts, equipping them with the skills and knowledge necessary to excel in the corporate world.

I also extend my congratulations to the "TechTitans" team for achieving the 1st Runner-up position at the 24-Hour "Code Fiesta Hackathon" held at GIT, Jaipur. Their success makes us proud, and we look forward to more remarkable achievements in the future.

  
Director, GITS
