ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

VISION

DIRECTOR'S MESSAGE

Greetings from GITS, Udaipur!

At the outset, I would like to congratulate all our stakeholders and especially our faculty members, Dr. Sangeeta Choudhary and Dr. Prakriti Dixit Porwal on winning the India's Women Hackathon 3.0 at 7th PMAC Meeting of MSME Innovative during the CPSE Conclave at Vigyan Bhawan, New Delhi. These achievements not only reflect their creative and innovative abilities but also set an inspiring example to the students to achieve greater accolades.

Our focus for the upcoming semester is on inculcating multidimensional approach in research by exploring avenues to study and explore a wide range of topics in frontier areas of engineering, science and technology as well as the adoption of these applications to the field of Humanities and Social Sciences. This holistic approach not only enriches our understanding of complex issues but also fosters interdisciplinary collaboration, leading to meaningful contributions across various fields of study.

I also congratulate all the stakeholders on the signing of a MoU with L&T Edutech for providing Employability Skill Training aimed to update students with the latest developments in the industry and to nurture proficient and employable engineers.

Director, GITS
